FINE FAMILY

Holiday Escapes

We will take care of all of the details so that you can enjoy your time with who matters the most – you and your family. We'll design your family getaway in advance and we are there for you when you arrive. You can stay relaxed from the beginning of the decision to visit Barbados to the time you are there - whether you prefer a fully customized, detailed itinerary in advance or prefer to decide on your activities from day to day. From elegant resorts to intimate guesthouses, our range of accommodations can put you right next to a world-class golf course, near the marina, on the beach or in a remote location with your own pool.

Choose from folk recipes to culinary experiences that rival the world's finest. Or, you can choose to dive the shipwreck capital of the Caribbean, swim with sea turtles, view the colourful array of fish from a submarine, surf with a pro, experience Bajan culture, history and architecture or just build sand castles in beautiful white sand, relaxing with the sound of the surf. Barbados brings families more value than that of other Caribbean destinations.

The only thing you have to take home – an experience of what being “truly taken care of” feels like.
